**Feedback on Narelle for other home and pet owners:** Hello from Bocas Del Toro Panama! We are very happy with how Narelle took good care of our property and four animals. From feeding schedules, to exercise, our dogs and cats were very well looked after. It gave me peace of mind knowing someone we trusted was there watching them and keeping them safe. We were so happy we requested her to come visit us a second time in August. Trust me you will not be disappointed!
