

Name: Kelly Harvey

Feedback on Narelle for other home and pet owners: Narelle is a lovely person, and she did an outstanding job caring for my two adult male cats and condominium in Manta, Ecuador. In addition to happy, healthy, and relaxed kitties, I was delighted to find my home spotlessly fresh and clean, in every way just a little nicer than she found it. I enjoyed Narelle while we were in town together, as she is an easy conversationalist and has many interesting stories. I appreciated the excellent care she took of my home and furry family.

Narelle will be welcomed back into the community beyond my doorstep; she made a number of friends in the expat community during her time here. She is an interesting and pleasant person to have around! I look forward to her next excursion to this part of the world. Highly recommended.

Where did Narelle house sit for you?: Manta, Ecuador
