Feedback on Narelle for other home and pet owners:

Narelle is an absolute wonder! She has now cat and house sit for us three times here in Cabo San Lucas, and we already have her 4th and 5th sits planned! This last one was a doozy what with an unexpected Category 3 Hurricane coming right for us and one of our cats being on medications after being ill for some time, but Narelle handled everything so calmly and gracefully, keeping our cats and home safe. She kept cool under pressure, was attentive and responsive, and we are eternally grateful. She went above and beyond, moving all of our outdoor furniture during this unexpected event and she kept us updated every step of the way. We weren't sure of what we were going to return to post-hurricane, but the cats were in great spirits and were very healthy, the house was immaculate as always, and everything was just as it was prior to us leaving--if not cleaner! Narelle is so much more than a pet/house sitter--she has now become like family and there is no one else we trust more with our fur babies or our home. Thank you, Narelle!!
