

Name: Novie Jones

Feedback on Narelle for other home and pet owners:

I've got 2 big dogs and 2 cats that make travelling difficult for the most part. Except, a few weeks ago when Narelle looked after them. They were instantly comfortable which made me comfortable ... and my plants who she also looked after, thrived while I was away. Now I need to sync our travel calendars so I get to experience this ease of being away again. Brilliant... thanks Narelle.

Where did Narelle house sit for you?:

Los Cabos, Mexico
