Feedback on Narelle for other home and pet owners:

Narelle is someone that I not only call my dog sitter, but a friend. She has taken care of Nelson many times and I can always enjoy my travels knowing my boy is getting the best care. Nelson loves Narelle and I love knowing he is with someone that will give him tons of love because she truly is an animal lover. The past two sits, Narelle has taken on Charly as well , my partner's dog , and we both could not be happier.
