Feedback on Narelle for other home and pet owners:

Narelle was a great house sitter for Gizmo and our home! We had a great time getting to know her! Gizmo instantly felt comfortable with her and she sent such great videos and pictures of him! We call her the Pug Whisperer now because we swore he did not like the ocean and then she took him and you would thought he was a ocean dog! A+++ for Narelle! We would so have her back.
